FOREWORD

THE National Council of Educational Research and Training (NCERT) has been organising educational surveys and publishing survey reports which provide detailed educational statistics and information for planning. Five such surveys have been organised and reports have been brought out during the last three decades. The Sixth All India Educational Survey (AIES) was initiated as a joint project with the National Informatics Centre (NIC) for creating an effective database on school education. Computerisation of this survey data has twin objectives—to build up a database on school education at district/state headquarters to facilitate and update essential information, and make available data on magnetic media for a wider dissemination of reports generated for various administrative units.

Activities of this survey started with a conference of the State Survey Officers in December 1993. Organisation of this survey involved a number of activities like designing of tools, preparation of guidelines for Survey Officers and their training, collection of data, manual scrutiny, data entry, validation, generation of reports and preparation of analytical reports.

Initial phase of the survey involved organising training programmes for officers from states/districts/blocks and teachers from schools to collect the data. The second phase involved manual scrutiny and computer validation of data. This phase involved a mammoth task and brought new experience on the concept of interconsistencies and interrelation of various data items.

The third phase of bringing out reports also involved a mammoth job as a large number of reports have been planned and it involved checking and re-checking for inconsistencies by the NCERT and regeneration of reports by the NIC. This phase brought out the need for strengthening the Statistical Units at the state level to check this type of reports for improving the information base for future planning.

The first publication based on this survey entitled *Provisional Statistics* was brought out in November 1995 which provided advance information on some vital educational parameters like number of rural habitations with school facilities, type of schools, enrolment and the number of teachers. The second phase of priority reports were brought out in September 1996 to meet the requirements of the Ministry of Human Resource Development (Department of Education), Government of India in connection with the discussions on the Ninth Five Year Plan. These reports have provided detailed macro information on educational facilities in rural habitations, type of schools, enrolment and teachers for administrative units like district/state/all India. These reports have also helped many state governments to formulate their Ninth Five Year Plan on education. Finally, the detailed statistical reports on all vital aspects of information collected during this survey are being brought out in seven volumes. These will provide information to planners and administrators, academicians, researchers, and statisticians for their use.

A comprehensive Management Information System (MIS) on the basis of survey data has been developed with the help of the NIC, who extended its resources at the central and state level. This MIS is likely to revolutionalise and bring a new approach for information dissemination for the education sector. I am happy that a close cooperation between the NCERT, the NIC and the state governments have brought this stupendous task to a fruitful culmination. I am sure that this cooperation is only a beginning to undertake many more such activities in future and give a new dimension and directions to information dissemination for this vital social sector of education and human resource development.

I would like to take this opportunity to record my deep appreciation of the team work, spirit of cooperation and zeal that the teams in the NCERT, the state governments and the NIC have shown for this mammoth task. I also take this opportunity to thank Shri P.R. Dasgupta, Secretary (Education), Government of India for his direction to give a new

orientation to the work. I wish to express my special thanks to Dr N. Seshagiri, Special Secretary and Director General, NIC, with whose support we could create MIS and introduce a new approach to this survey. The cooperation and help from the state governments and the Union Territories deserve special mention. I am confident that the survey data will create a new orientation to educational planning for introducing new technologies for storage of data on magnetic media for dissemination, retrieval and later use.

A.K. Sharma
Director
National Council of Educational
Research and Training

PREFACE

The Sixth All India Educational Survey (AIES) was conducted with reference date as 30 September 1993 and as a joint project of the National Council of Educational Research and Training (NCERT) and the National Informatics Centre (NIC) with twin objectives: to provide data for educational planning and to create a uniform school database for wide dissemination of information on magnetic media.

Activities of the survey started in the Department of Educational Surveys and Data Processing (DES&DP), NCERT with the designing of schedules in collaboration with Human Resource Development Information Division (HRDID) of NIC. Demands for more information from various government departments, users and researchers led to the development of eight schedules, covering more than thousand data items. It was followed by a pilot study in Goa, preparation of guidelines for Survey Officers and organisation of the first conference of State Survey Officers (SSOs). Requirements of statisticians, researchers, administrators and opinion of experts led to design of a tabulation plan of about 1,100 reports. The printing and distribution of about 33 lakh documents for collection of information from states/districts/blocks and deploying of about 10,000 Education Officers and teachers from schools for survey in a period of three months was a mammoth task. Organising training programmes for these personnel at various administrative units and explaining them different concepts, definitions, manual scrutiny and procedures, handling of filled-in schedules had its own experience. Many state governments/UTs cooperated and gave high priority for this survey work. A few states could collect information by the end of May 1994. Most of the remaining states completed the collection of data by October 1994.

The next phase of manual scrutiny, dispatch of filled-in forms to data entry agencies, data entry and computer validation of data started in full earnest. Hiring of data entry agencies at State Centres, lack of computer awareness and concepts of coding by Survey Officers delayed the data entry. Further, under-estimation of workload by some data entry agencies, and discontinuation of work half-way by a few agencies, designing of software at the NIC headquarters and distributed processing of data at State Centres, further enhanced the problems. These resulted in generation of long error lists and brought the realisation of magnitude of workload to all concerned. The state NIC units were strengthened with purchase of PENTIUM computer system and Line Matrix Printer by the NIC and additional manpower for checking and correction of validation reports by the NCERT brought relief to the problem. Finally, the validation of data was completed by August 1996.

The stage of generation of reports has also given its own experiences and lessons. The first set of reports for "Provisional Statistics" was generated in May 1995 and reconciliation of this data with other sources of information involved a good deal of correspondence with state governments and finally the report was published in November 1995. Since generation of tabulations comprising 1,100 reports was getting delayed, a few priority tabulations for formulation of the Ninth Five Year Plan were brought out by September 1996. The final phase of generating detailed reports involved processing of data a few times by the NIC, and checking and rechecking of reports by the NCERT.

This mammoth task of organisation of the Sixth AIES and computer processing of data required large resources of manpower for data collection and computer time for validation and creation of large database. It required organisation of about 10,000 personnel for collection of data. The data on educational facilities from 6.3 lakh villages/towns, core information on *universe* basis from 8.08 lakh schools and more than 2,000 colleges, issue-specific variable information from 2.01 lakh schools and individual-teacher information from 13.6 lakh teachers on *sample* basis was collected. The next stage of work

like manual scrutiny, data entry, software development, computer validation, generation and checking of reports required a good deal of expertise. For this, ten faculty members and four project associates worked for a period of four years at the NCERT and about five-ten officers in SSO's office for a period of three years.

The software development, validation of data, generation of reports involved about six officers for a period of three-four years at the NIC headquarters and about two-four officers for a period of two-three years at the NIC State Centres. Six software packages have been developed using FOX PLUS, ORACLE, COBOL and many of these packages are large with more than 20,000 lines of source code. It is estimated that computer validation of data and generation of reports involved about 30,000 hours on PENTIUM computer system and printing of about 20 lakh computer sheets. Finally a database of nearly 10 GB size involving more than 100 database structures was created.

We are confident that this database will be useful for many jobs and will help in the wide dissemination of information and bring in a new approach for formulation of plans and schemes on school education.

We thank the Advisory Committee for monitoring the survey activities and giving their expert advice at all stages and SSOs, SIOs and their colleagues for putting in extra hard work and extending their cooperation for completion of the job. We thank our colleagues in the Department of Educational Surveys and Data Processing, NCERT and the NIC headquarters for taking this job in full earnest.

We thank the Steering Committee for providing the administrative support for undertaking this job. We also thank Prof. A.N. Maheshwari, Joint Director, NCERT for providing continuous guidance, support and motivation. We take this opportunity to express our gratitude and thanks to Dr N. Seshagiri, Special Secretary and Director General, NIC and finally to Prof. A.K. Sharma, Director, NCERT for giving all the needed support.

INTRODUCTORY NOTE

Objectives of the Survey

1. To create database of the Sixth AIES for use by different agencies.
2. To develop MIS for use at various levels of administration.
3. To assess the present position of educational facilities for various school stages in respect of the population of rural habitations and the distance of the facility from the rural habitation, enrolment in general, of Scheduled Castes (SCs) and Scheduled Tribes (STs), and of girls in particular with special reference to the Universalisation of Elementary Education (UEE).
4. To assess the availability of physical facilities in schools like, building, playground, furniture, etc.
5. To assess the availability of basic amenities in schools like, drinking water, urinal, provision of medical check-up, etc.
6. To identify incentive schemes and the number of beneficiaries availing them.
7. To assess the position of educational inputs like, availability of blackboard and chalk, library, laboratory, textbook bank, etc.
8. To know about the academic and professional qualifications of working teachers with special reference to teaching of science and mathematics and to determine attrition rate in the teaching profession.
9. To assess the availability of other educational facilities like, non-formal education, education for disabled children and pre-primary education.
10. To assess the income and the expenditure of schools.

In order to cover all the aspects included in the above objectives the following eight schedules were used for the collection of data.

Schedules	*Canvassing mode*
1. Village Information Form (VIF)	All villages
2. Urban Information Form (UIF)	All urban areas
3. School Information Form 1 (SIF-1)	All recognised schools
4. School Information Form 2 (SIF-2)	Selected schools
5. Teacher Information Form (TIF)	All teachers in selected schools
6. College Information Form (CIF)	All degree colleges with Classes XI and XII
7. Educational Finance Form (EFF)	All revenue districts
8. Educational Statistics — A Flash (ESF)	All C.D.blocks/towns

Organisational Set-up and Execution of the Survey

The survey was conducted jointly by the Ministry of Human Resource Development (MHRD), the National Council of Educational Research and Training (NCERT), the National Informatics Centre (NIC), and the thirty-two state governments/Union Territory administrations. The MHRD provided financial and administrative support for the execution of the project. It also monitored the progress of the Survey through the Steering Committee headed by the Union Education Secretary. Besides this committee, an Advisory Committee headed by the Director, NCERT was constituted to provide academic input at the national level. This

committee was represented by the user organisations, statisticians, educationists and the sample survey experts.

The Steering Committee had four meetings and the Advisory Committee/expert group had eight meetings. At the national level the survey operations were planned and monitored mainly by the NCERT and the NIC headquarters.

At the state level a temporary survey unit at each state/UT was created. The State Survey Unit was headed by the State Survey Officer of the Directorate of Education and assisted by the Assistant State Survey Officers, Statistical Assistants and the other administrative staff. This Unit was assisted by the District Survey Officer, Statistical Assistant and Block Education Officers in each revenue district. The Director of Education in the state/UT acted as ex officio Director of the Survey. Each state and Union Territory constituted a state level Advisory Committee to provide administrative and operational support to the State Survey Unit. This committee was headed by the State Education Secretary. The NCERT and the NIC represented on this committee for providing coordination between the state and the national level.

The present survey is different from the previous five AIESs with regard to survey methodology. For the first time in the present survey, sampling technique has been used for collection of data on issue-specific variables and complete enumeration on the core variables. In earlier surveys the data were collected on complete enumeration basis. Further, in earlier surveys processing of data was undertaken manually. Whereas in this survey, computer facilities of the NIC have been used to accrue the following benefits.

1. The database of bench-mark data will be created which would help in the storage and retrieval of voluminous data on different variables related to each and every primary unit, namely, the village, the town/city, the school and the teacher. The agencies at the state level would be able to share this large database through the national communication network system.

2. Like the previous AIESs, block-wise up-to-date complete lists of schools with postal addresses were prepared in advance for canvassing the school questionnaires and monitoring the progress. This time it has been stored on computer for future use. Needless to mention, this database would help in establishing a Management Information System (MIS) at the national,state and district levels. This MIS would help in developing the Directories of Schools with minimum information (location, type, management, teacher and enrolment) at the national/state/district/block level for ready use and reference.

3. This approach of MIS would also provide a platform to develop different kinds of up-to-date sampling frames in order to draw rigorous samples for conducting sample surveys. In this way, the data of sample surveys would provide supplementary, demonstrable and a firm basis for drawing valid conclusions which would, in turn, help in taking the right decisions. Gradually, the AIES would evolve into a more comprehensive validation exercise on a periodical basis. On the basis of such established databases, new exercises of generation of time-series indices on sound and scientific lines would also be possible.

This new feature called for well laid-out design of the survey, training and its execution strategy at every stage of the survey. The details for training of the survey personnel, data collection, manual scrutiny of data, handling of forms, etc. are contained in the manual 'Guidelines for Survey Officers'. The analysis plan and scrutiny of tables are contained in the separate manuals. The training programme in the data collection methodology, data preparation, coding, data transcription, etc. were organised at the state level for the staff of the State Survey Unit and for the District Survey Officers. The State Survey Officers in turn conducted a two-day training programme for the block level officers.

Besides these manuals, the instructions are also contained in the software manuals for data transcription, data validation and analysis of data of each of the eight schedules. The State Survey Officers and State Informatics Officers were acquainted, through eight national level seminars/training programmes, with these tasks jointly by the NCERT and the NIC.

In addition to manual scrutiny of data and its validation for data transcription, special efforts were made to identify and correct the inconsistency within and between tables. The data in the tabulations were validated from the results of the Fifth AIES and also from other sources like Census. The national level team made frequent visits to the states for supervision of these operations and for guidance to the State Survey Officers and State Informatics Officers.

Dissemination of Data

In earlier AIESs, the data were aggregated at the block, district, state and national levels. These aggregated data were available for the use at the respective headquarters. States and UTs used to prepare analytical reports in the print form containing district level aggregated data. At the national level, the NCERT used to print the national survey report giving statewise information on most of the data items along with other classificatory variables, like, rural and urban areas, school management, gender, etc. From the Third Survey onward, the NCERT has started publishing provisional statistics on important aspects much before the main report.

In the Sixth AIES, a separate schedule, Educational Statistics — A Flash, was developed to release statistics in advance. The data for this schedule were manually compiled at the block and town level from the filled-in schedules, viz., Village Information Form, Urban Information Form, School Information Form 1 and College Information Form. The results were analysed on the NIC computers. The statewise results were published during November 1995 in a report titled, *Provisional Statistics* . The data from block level and upward are also available on the magnetic media in the NCERT.

The data of the remaining seven schedules for each state are stored on the magnetic media at the corresponding State NIC Centres. The tabulation plan for VIF, UIF, SIF 1 and CIF schedules provides information at the block, district, state and national levels whereas in the case of SIF 2 and TIF schedules, it provides estimates at the state and national levels. All the databases and tabulations will be available on magnetic media for dissemination at the NCERT, NIC headquarters and its State Centres. The state and the national level tabulations of each schedule will also be available in the print form. Besides these, it is also being planned to store the tabulated information on CD-ROM for print reports and put some important information on INTERNET.

The print form of the national level tabulations of each schedule is proposed to be brought out in a phased manner in seven volumes as per the following scheme.

Vol.No.	*Schedule*	*Aspect*
I	VIF and UIF	Educational facilities in rural and urban areas
II	SIF 1	Schools and physical facilities
III	SIF 1	Teachers in schools
IV	SIF 1	Enrolment in schools
V	SIF 1 and CIF	Educational inputs and facilities in Secondary and Higher Secondary schools
VI	SIF 2	Agewise enrolment, repeaters, incentive schemes, etc. in schools
VII	TIF	Teachers' qualifications and their service conditions

The volumes II to V are based on the data of SIF 1 and CIF schedules with tables as follows:

Volume	Table Nos.
II	1 - 62
III	63 - 109
IV	110 - 166
V	167 - 208

Important variables covered in the tables of this volume are given below.

Aspect	Table No.	Variables Covered
A. Schools		
1. Schools by area, management, type and category	1S 1 to 1S 4	These tables contain information about schools according to area, management, type (e.g. Boys, Girls and Co-ed schools) and category (e.g. Primary, Upper Primary, Secondary and Higher Secondary schools).
2. Stagewise educational facilities	1S 5 and 1S 6	These tables provide information about number of schools according to area and management with different educational stages in them.
3. Schools managed by Government Agencies	1S 7	This table contains information about schools managed by various Government Agencies such as Navodaya Vidyalaya Samiti, Kendriya Vidyalaya Sangathan, etc.
4. Minority schools	1S 8	This table gives information about minority schools run by private managements from religious and linguistic minority point of view.
5. Media of instruction and three-language formula followed in schools	1S 9 to 1S 12	These tables give information about schools having mother tongue as media of instruction at Primary and Upper Primary stages and about the schools following three-language formula at Upper Primary and Secondary stages.
B. Buildings in Schools		
1. Type of buildings	1S 13 to 1S 27	These tables provide information about schools according to area, management and type of building in them (such as pucca, partly pacca, kachcha, thatched hut, etc.).
2. Total Number of rooms and instructional rooms	1S 28 to 1S 47	These tables give information about schools according to total number of rooms available and number of rooms used for instructional purposes in them.
3. Ancillary facilities	1S 48 to 1S 62	These tables provide information about drinking-water, urinal and lavatory facilities in schools, and about availability of urinal and lavatory facilities exclusively for girls.

Concepts and Definitions

Some of the important concepts and terms used in SIF I are given below.

1. Urban Areas

All the areas which were identified as 'urban' at the time of the 1991 Census or subsequently notified to be so, are to be treated as urban.

2. Rural Area

Areas which are not urban shall be treated as rural.

3. School Stage

The education pattern differs from state to state. The various combinations of classes of the school system constitute Primary, Upper Primary, Secondary and Higher Secondary stages. Some of the states and Union Territories have provision for junior colleges, independent PUC and intermediate classes beyond the Secondary stage. In this survey these classes / colleges will be considered along with the Higher Secondary stage.

4. Section

All students of a class are divided into groups for the convenience of teaching. Each group is called a section. A class may have one or more than one section. If there are more than one section in a class they are labelled as A,B,C, etc.

5. Recognised School

A recognised school is one in which the course (s) of study followed is/are prescribed or recognised by the Government (Central/State) examination or a University or a Board constituted by law or by any other agency authorised in this behalf by the Central or State Government and which satisfies one or more of the authorities, e.g. Directorate of Education, Municipal Board, Secondary Board, etc. with regard to its standard of efficiency. It runs regular classes and sends candidates for public examination, if any.

6. Management

The authority which runs a school determines its type of management. It may be Government, local body or private body receiving Government aid or not receiving Government aid. The school may, therefore, be classified according to their management as Government schools, local body schools, private aided schools and private unaided schools.

Government All schools run by the State, Central Government, Public Sector Undertakings or Autonomous Organisations completely financed by the Government will be treated as Government schools.

Local Body All schools run by Municipal Corporations, Municipal Committees, Zilla Parishads, Panchayat Samitis, Cantonment Boards, etc. will be treated as local body schools.

Private Aided A private aided school is one which is run by an individual or a private organisation and receives maintenance grant from a Government or a local body.

Private Unaided A private unaided school is one which is managed by an individual or a private organisation and not receiving maintenance grant either from a Government or a local body.

7. Type of School

Boys' School A school is a 'School for Boys' if boys are admitted to all classes and admission of girls is restricted to some specific classes only.

Girls' School A school is a 'School for Girls' if girls are admitted to all classes and admission of boys is restricted to some specific classes only.

Co-educational School A school is 'co-educational' if boys and girls are admitted to all classes in the school.

JAWAHARLAL NEHRU'S MESSAGE

on the

First Day

of

Independence

We have hard work ahead. There is no resting for any one of us till we redeem our pledge in full, till we make all the people of India what destiny intended them to be. We are citizens of a great country, on the verge of bold advance, and we have to live up to that high standard. All of us, to whatever religion we may belong, are equally the children of India with equal rights, privileges and obligations. We cannot encourage communalism or narrow-mindedness, for no nation can be great whose people are narrow in thought or in action.

GANDHIJI'S TALISMAN

"I will give you a talisman. Whenever you are in doubt or when the self becomes too much with you, apply the following test :

Recall the face of the poorest and the weakest man whom you may have seen and ask yourself if the step you contemplate is going to be of any use to him. Will he gain anything by it ? Will it restore him to a control over his own life and destiny ? In other words, will it lead to Swaraj for the hungry and spiritually starving millions ?

Then you will find your doubts and your self melting away."

M K Gandhi

PLEASE READ THE INSTRUCTIONS GIVEN OVERLEAF
BEFORE FILLING THIS FORM

INSTRUCTIONS

Introduction

The present educational survey, sixth in the series, is being conducted throughout the country. In this survey data are being collected from each and every village, city/town and school to assess the status of educational facilities and their utilization.

School Information Form-1 (SIF-1)

This Form seeks information about enrolment in different classes, teaching posts sanctioned and other facilities as on 30.9.1993 from recognised schools / Junior colleges / Intermediate colleges / Pre-University colleges not attached to degree colleges. This Form will be completed by the Headmaster / Principal of the school /college.

Your Help Needed

The quality of the results of this survey depends on the accuracy and completeness of the information to be furnished by you. **Therefore, please fill in each item of this Form carefully and accurately.**

How to Answer

(a) Please use the **international numerals** while supplying the information in numbers.

(b) The information collected from you will be computerised by the **National Informatics Centre.** Take extra care to read the procedures of supplying the information which are printed in *italics* along with the questions.

(c) Most of the items have been provided with two or more alternative responses. Each alternative has been provided with a code. The number in brackets is the code for that response. In addition, a blank box is provided in the right margin for writing the response code.

Writing the response code in box is essential

In such items, only one alternative is applicable to your school situation. Please put a tick mark in the brackets (✓) of the applicable response and write its code in the box provided in the right margin.

Example: Management of school

Government	(1)
Local body	(✓ 2)
Private aided	(3)
Private unaided	(4)

2

In this example, the applicable response is 'Local body'. A tick in the bracket has been put against 'Local body' and the code 2 is written in the box.

(d) Regarding items 2 and 4 certain terms are defined below. Please read these before answering the questions.

(e) **The part A of this Form is to be filled in by all the schools** whereas **part B of the Form is to be responded by Secondary / Higher Secondary / Junior Colleges, etc.**

Definition and Explanation for Certain Terms

Item 2

Government Schools : All schools run by the state government, central government, public sector undertakings or autonomous organisations completely financed by the government.

Local Body Schools : All schools run by the municipal corporations, municipal committees, notified area committees, zila parishads, panchayat samities, cantonment boards, etc.

Private Aided Schools : All schools run by private organisations or agencies receiving maintenance grant from the government or local bodies.

Private Unaided Schools : All schools managed by private organisations or agencies and not receiving maintenance grant from the government or local bodies.

Item 4

Boys School : A school is 'school for boys' if boys are admitted to all classes and admission of girls is restricted to some specific classes only.

Girls School : Similarly, a school is 'school for girls' if girls are admitted to all classes but admission of boys is restricted to some specific classes only.

Co-educational School : A school is co-educational, if both boys and girls are admitted to all the classes in the school.

Thank you for your cooperation.

School Information Form - 1

Part A

(To be filled in by all schools)

1. Area in which school is located — Rural (1) Urban (2) [ ]

2. (a) Management of school

Government	(1)
Local body	(2)
Private aided	(3)
Private unaided	(4)

[ ]

(b) If Government, the school is managed by

State Government	(1)
Navodaya Vidyalaya Samiti	(2)
Kendriya Vidyalaya Sangathan	(3)
Other Central Government Agency	(4)

[ ]

3. (a) Does the school have a minority community status?

Yes (1) No (2) [ ]

(b) If 'Yes', is it a

Religious minority	(1)
Linguistic minority	(2)
Both Religious and Linguistic minority	(3)

[ ]

4. Type of School

Boys	(1)
Girls	(2)
Co-educational	(3)

[ ]

5. Classes taught in recognised schools (including permitted classes)

Do not include pre-primary classes, if any

From Class [ ][ ] To Class [ ][ ]

6. Are the majority of pupils taught through their mother tongue at each of the following stages?

If the school does not have a particular stage, then give response as 'Not Applicable' for that stage

(a) Primary stage

Yes (1) No (2) Not Applicable (3) [ ]

(b) Upper primary stage

Yes (1) No (2) Not Applicable (3) [ ]

7. Does the school follow three-language formula at each of the following stages?

If the school does not have a particular stage, then give response as 'Not Applicable' for that stage

(a) Upper primary stage

Yes (1) No (2) Not Applicable (3) [ ]

(b) Secondary stage

Yes (1) No (2) Not Applicable (3) [ ]

8. **Majority** of classes (including sections) are held in

The construction may be considered Pucca, Partly Pucca, Kuchcha or Thatched hut as per State norms.

Pucca building	(1)
Partly Pucca building	(2)
Kuchcha building	(3)
Thatched hut	(4)
Tent	(5)
Open space	(6)

[ ]

9. (a) Total number of rooms in the school _____

(b) Number of rooms used for Teaching purposes (excluding Laboratories, Library, Staff-room, Workshops, Craft-room, etc.) _____

10. (a) Is drinking water facility available to students within school premises?

Yes (1) No (2) [ ]

11. (a) Does the school have urinal(s) within school premises?

Yes (1) No (2) [ ]

(b) If 'yes', is there a separate urinal for girls?

Yes (1) No (2) [ ]

12. (a) Does the school have lavatory(ies) within school premises?

Yes (1) No (2) [ ]

(b) If 'yes', is there a separate lavatory for girls?

Yes (1) No (2) [ ]

13. (a) Give the number of teaching posts sanctioned in your school as on 30.9.1993. _____

(b) Furnish the following information about teachers in position as on 30.9.1993.

Include all the full-time teachers and also those who are on short leave. Exclude honorary teachers and also teachers appointed for a specific period.

	Number of Full-time teachers in Position		
	Male	*Female*	*Total*
1	2	3	4
All Communities			
Scheduled Castes			
Scheduled Tribes			
Other Backward Communities (OBC)*			

** As per state norms.*

13. (c) Number of Voluntary / Contractual / Other teachers

(i) Male _____

(ii) Female _____

(d) Number of part-time teachers

(i) Male _____

(ii) Female _____

14. Number of teachers staying outside the city / town / villages in which the school is located.

Male _____

Female _____

15. (a) Does the school management provide housing facility to teachers?

Yes (1) No (2) [ ]

(b) if 'yes', number of teachers availing housing facility

Male _____

Female _____

16. Give following information about teachers for the academic session 1992-93 (excluding teachers appointed for specific period).

(a) Number of teachers in position at the beginning of the session _____

(b) Number of teachers retired _____

(c) Number of teachers resigned _____

(d) Number of teachers whose services were terminated _____

(e) Number of teachers transferred to take up non-teaching posts (excluding teachers on lien temporarily) _____

(f) Number of teachers who died _____

17. Number of teachers exclusively for physical education / physical training / yoga / other similar activities. _____

18. Give below the class-wise **enrolment** as on 30.9.1993

Class	*Number of Students*					
	All Communities		*Scheduled Castes*		*Scheduled Tribes*	
	Boys	*Girls*	*Boys*	*Girls*	*Boys*	*Girls*
1	2	3	4	5	6	7
I						
II						
III						
IV						
V						
VI						
VII						
VIII						
IX						
X						
XI						
XII						
Total						

19. (a) Does the school have Integrated Education Programme (IEP) for the disabled (handicapped) children?

Yes (1) No (2) [ ]

(b) If 'yes', number of Resource Teachers _____

(c) Give below the enrolment of disabled children.

In column 6, others include children with multiple disabilities, spastics, etc.

Stage	*Number of Disabled Children*				
	Visually Impaired	*Hearing Impaired*	*Orthopaedically Handicapped*	*Mentally Retarded*	*Others*
1	2	3	4	5	6
Primary					
Upper Primary					
Secondary					
Higher Secondary					

20. Does the school have pre-primary classes (including unrecognised also) attached to it?

Yes (1) No (2) [ ]

Part B

(To be filled in by Secondary Schools and Higher Secondary Schools / Inter Colleges / Junior Colleges / PUC ONLY)

21. (a) Does the school have a librarian ?

(b) If 'Yes', she/he is a

Full-time trained librarian	(1)
Full-time untrained librarian	(2)
Part-time trained librarian	(3)
Part-time untrained librarian	(4)

22. (a) Does the school provide educational and vocational guidance counselling to students?

Yes (1) No (2)

(b) If 'Yes', does the school provide services of a

(i) trained guidance counsellor ? Yes (1) No (2)

(ii) teacher counsellor ? Yes (1) No (2)

(iii) career master ? Yes (1) No (2)

23. (a) Does the school have provision for teaching of Home Science?

Yes (1) No (2)

(b) If 'Yes', does the school have Home Science laboratory?

Yes (1) No (2)

24. (a) Does the school have a swimming pool?

Yes (1) No (2)

(b) If 'Yes',

(i) is it in usable condition ?

Yes (1) No (2)

(ii) is the facility open to the community after school hours?

Yes (1) No (2)

25. (a) Does the school have indoor hall for games? Yes (1) No (2) [ ]

(b) If 'Yes',

(i) is it in usable condition? Yes (1) No (2) [ ]

(ii) is the facility open to the community after school hours?

Yes (1) No (2) [ ]

26. (a) Does the school have laboratory facilities for teaching science at the **Secondary stage?**

Yes (1) No (2) [ ]

(b) If 'Yes', which **one** of the following combinations is available?

Separate laboratories for Physics, Chemistry and Biology? (1)

Combined laboratories for Physics, Chemistry and Biology? (2)

Combined laboratories for Physics, Chemistry but separate for Biology? (3) [ ]

For Schools with Higher Secondary stage

27. Types of courses available at Higher Secondary stage (+ 2 stage) only.

(a) Arts (Humanities and Social Sciences) Yes (1) No (2) [ ]

(b) Science Yes (1) No (2) [ ]

(c) Commerce Yes (1) No (2) [ ]

(d) Agriculture Yes (1) No (2) [ ]

(e) Vocational / Technical Yes (1) No (2) [ ]

(f) Any other _____ Yes (1) No (2) [ ]
(Please specify)

28. Give below the enrolment in Classes XI and XII for the different courses.

Type of Course	XI						XII					
	ALL		SC		ST		ALL		SC		ST	
	B	G	B	G	B	G	B	G	B	G	B	G
1	2	3	4	5	6	7	8	9	10	11	12	13
Arts (Humanities & Social Sciences)												
Science												
Commerce												
Agriculture												
Vocational / Technical												
Any other (Please specify)												

B — BOYS G — GIRLS

29. If the school has provision of teaching science at the **Higher Secondary** stage.

(a) Does the school have facility to teach the following subject(s)?

(i) Physics Yes (1) No (2) [ ]

(ii) Chemistry Yes (1) No (2) [ ]

(iii) Mathematics Yes (1) No (2) [ ]

(iv) Biology Yes (1) No (2) [ ]

(b) Does the school have qualified teachers exclusively for teaching of the following subject(s)?

(i) Physics Yes (1) No (2) [ ]

(ii) Chemistry Yes (1) No (2) [ ]

(iii) Mathematics Yes (1) No (2) [ ]

(iv) Biology Yes (1) No (2) [ ]

29. (c) Does the school have

(i) Separate laboratories for Physics, Chemistry and Biology? (1)

(ii) Separate laboratories for Physics, Chemistry but none for Biology? (2)

(iii) Combined laboratories for Physics, Chemistry and Biology? (3)

(iv) Combined laboratories for Physics, Chemistry but none for Biology? (4)

(v) Combined laboratories for Physics, Chemistry but separate for Biology? (5)

(vi) No laboratory for any of the subjects? (6) [ ]
